The Benjamin F. Rush, Jr., M.D. Gala benefits The New Jersey Trauma Center Survivorship Program at University Hospital in Newark.

A traumatic injury is life-altering in so many ways. Coping with it goes on long after the crisis is over. Understanding the need for a holistic approach, The New Jersey Trauma Center offers resources and programs for survivors, families, and friends to support one another as they resume their lives.

University Hospital is the clinical partner and teaching hospital for Rutgers New Jersey Medical School. Its Foundation supports outreach programming like the trauma survivorship program in the greater Newark area.
